

Westside Community Schools - WMS School Supplies

While school supplies needed for each class vary, most secondary students will use the following school supplies on a regular basis during the course of the year. Oftentimes teachers will request specific supplies for their classroom. We recommend that students purchase minimal supplies before school starts and wait and see what their teachers require for their class.

- Notebook for each class
- Folder for each class
- #2 Pencils
- Blue/Black Pens
- Highlighter(s)
- Earbuds (inexpensive, **we don't recommend bringing airpods**)
- Backpack
- Water Bottle (hydration stations will be available)

In addition to these personal supplies, throughout a typical school day, students may be asked to use classroom materials for assignments or projects. Teachers have a supply of these materials in their classrooms that are regularly cleaned; however, students may elect to bring their own if they would like to avoid sharing.

- Small whiteboard (8 x 11 or smaller)
- Dry erase marker and eraser
- Ruler
- Calculator
 - WMS uses a TI-15 in class
 - WHS general math classes recommend a scientific calculator and use a TI-30X in class
 - WHS math courses beyond Honors Geometry use a graphing calculator, such as the TI-84+
- Colored pencils and/or markers
