New to Artsonia?

Hi parents! If you are new to Artsonia here is how it works. Artsonia is the world's largest collection of student art, published by teachers and students from around the world. Parents and family can view the art online, leave comments (**students LOVE reading comments about their artwork**) and order keepsakes featuring the artwork. In art, we use Artsonia as a communication piece to show what your child has been learning during their academic year. I enjoy that students and parents get to witness growth and progress throughout their time in elementary. Their portfolio stays with them all the way through 6th grade, this is a fantastic way to view their expanding collection over the years! If you are new to Artsonia, you will soon receive an email with a **parent code** to help get you started. This quick process will allow you to stay in touch with your child's art portfolio, approve comments, view teacher feedback and more! If you do not receive your code please feel free to reach out to me. Thank-you for following your child's journey in art! - *Mrs. Gollehon*
